■ Nylonbürste, ideal geeignet zur Nassreinigung von empfindlichen Oberflächen im Innen- und Außenbereich: im Garten, Haushalt sowie Garage und Automotive. Schmutz, Ablagerungen, Kalk und Seifenreste werden mit den weichen Borsten ohne zu verkratzen entfernt – wie z.B. auf Autofelgen, Fliesen, Gartenmöbel, Jalousien, Mülltonnen, Garagentore und Wandpaneele. Dank der großen Arbeitsbreite der Bürste werden schnelle Ergebnisse erzielt. ■ Nylon brush, ideal for the wet cleaning of sensitive surfaces in outdoor and indoor areas in the garden, home, garage and car. Dirt, deposits, lime and soap residues are removed scratch-free by the soft bristles, e.g. on car wheel rims and tires, on tiles, garden furniture and blinds, and on refuse bins, garage doors and wall panels. The brush has a large working width for obtaining quick results. ■ Brosse en nylon, idéale pour le nettoyage humide de surfaces sensibles en intérieur et en extérieur dans le jardin, la maison, le garage et l'automobile. La grande largeur de travail de la brosse permet d'obtenir des résultats rapides.
